A first for La Maison CLAYTON SHAGAL : our partnership with the Canadian Cancer Society.

We are thrilled to announce that **La Maison CLAYTON SHAGAL** has partnered with the Canadian Cancer Society to honour its co-founder, Mr. Daniel Renaud, in a tangible way that will benefit all cancer sufferers.

This humanitarian gesture is an expression of the willingness by **La Maison CLAYTON SHAGAL** administrators to pursue the company's development and the worldwide expansion of its commercial brand, while keeping the vision and ambitions of its co-founder alive. Thirty-six years ago, Mr. Daniel Renaud, along with now president Lyse Denommé, co-founded this innovative company that has come to be known for the exceptional quality of its skin care products for men and women. Despite his illness, Mr. Renaud dedicated the final years of his life to his passion, **La Maison CLAYTON SHAGAL**, working alongside his team to assure the development, prosperity and stability of the company for years to come. And that's why supporting a charitable organization such as the Canadian Cancer Society meshes perfectly with **La Maison CLAYTON SHAGAL** 2018-2019 vision and strategic plan.

We are very excited about our new partnership, which will be tied in with the launch of our **Hyaluronic Acid Serum campaign on October 12, 2018. For every bottle of Hyaluronic Acid Serum sold in Canada, \$1 will be donated to the Canadian Cancer Society.** The CLAYTON SHAGAL team is proud to support the mission of putting an end to cancer and improving quality of life for people with the disease. Your role is important in helping us to achieve our goals. Thank you for everything you do to help us create a better and healthier world.

Stay tuned! Surprises coming this fall!
